**Justification:** The Agricultural Research Service (ARS) conducts research to provide the means for a safer, more economical supply of agricultural products for the Nation and to provide producers with technologies to supply these products competitively. The proposed rescission is based on the affected program's FTE level and an estimate of its impact on the Department's civil rights resources, and is intended to offset supplemental appropriations for the Department's Civil Rights Initiative. This action is taken pursuant to the Antideficiency Act (31 U.S.C. 1512).

**Estimated Program Effect:** None. These reductions can be absorbed within the available resources and would have a negligible impact on the program.

**Justification:** The Grain Inspection, Packers and Stockyards Administration (GIPSA) establishes official United States standards for grain, promotes the uniform application thereof by official inspection personnel, provides for an official inspection system for grain, and regulates the weighing and certification of the weight of grain shipped in interstate or foreign commerce. The goal of the Packers and Stockyards program is to ensure the integrity of the livestock, meat, and poultry markets and the marketplace in order to protect producers against unfair, deceptive, or discriminatory practices as well as those that are predatory or monopolistic in nature. The proposed rescission is based on the affected program's FTE level and an estimate of its impact on the Department's civil rights resources, and is intended to offset supplemental appropriations for the Department's Civil Rights Initiative. This action is taken pursuant to the Antideficiency Act (31 U.S.C. 1512).

**Justification:** This program provides guaranteed loans for purchasers of ships from the U.S. shipbuilding industry and for modernization of U.S. shipyards. This rescission is proposed because, in FY 1998, more than \$61 million in unobligated balances was brought forward from FY 1997, approximately twice the enacted level of \$32 million, to cover the cost of loans guaranteed in FY 1998. This large carryover reflects lower demand in recent years for these loan guarantees. In addition, new loan guarantees will be less risky than previous loans, resulting in a 30 percent lower subsidy rate. This action is taken pursuant to the Antideficiency Act (31 U.S.C. 1512).

**Estimated Program Effect:** None.
